

Changyou Reports Third Quarter 2019 Unaudited Financial Results

Beijing, China, November 4, 2019– Changyou.com Limited ("Changyou" or the "Company") (NASDAQ: CYOU), a leading online game developer and operator in China, today announced its unaudited financial results for the third quarter ended September 30, 2019.

Third Quarter 2019 Highlights¹

- Total revenue was US\$111 million, an increase of 9% year-over-year and 4% quarter-over-quarter, exceeding the Company's guidance.
- Online game revenue was US\$108 million, an increase of 13% year-over-year and 6% quarter-overquarter, exceeding the Company's guidance.
- GAAP net income attributable to Changyou.com Limited was US\$34 million, compared with net income of US\$68 million² in the third quarter of 2018 and net income of US\$43 million in the second quarter of 2019.
- Non-GAAP³ net income attributable to Changyou.com Limited was US\$34 million, compared with net income of US\$67 million² in the third quarter of 2018 and net income of US\$41 million in the second quarter of 2019.

Mr. Chen Dewen, CEO, commented, "During the quarter, TLBB PC maintained its solid performance. We introduced new game content and rolled out a promotional event that ranked and rewarded our highest-paying users. We were happy to see that it not only helped to sustain player engagement, but it also effectively stabilized the in-game spending of players. For mobile games, revenue from Legacy TLBB Mobile increased slightly in the third quarter on a sequential basis, mainly thanks to the expansion pack that we launched during the quarter. We also launched a new mobile game, TLBB Honor, during the quarter. Leveraging the influence of the TLBB franchise among active mobile players, the game has performed quite well since its launch. Going forward, MMORPG mobile games will continue to be our strategic focus and we will continue to work on improving the quality of the key games that we are developing so that we can give them the best possible chance to become hits. In the meantime, we're also developing some casual and strategy games to make sure that we maintain a diversified product portfolio."

Mr. Wei Qing, Chief Games Development Officer, added, "During the quarter, we launched an expansion pack for Legacy TLBB Mobile that featured an underwater world map and new challenging dungeons, all of which helped to drive higher player involvement. In addition, we were pleased to see that a newly introduced clan has been well received by players. Overall, we have been able to maintain stable user

¹ The Company's wholly-owned subsidiary Shanghai Jingmao Culture Communication Co., Ltd. ("Shanghai Jingmao"), which operated the Company's cinema advertising business, ceased operations and wound down the business during the third quarter of 2019 as a result of a Chinese court having granted a petition by Shanghai Jingmao for bankruptcy relief. Accordingly, the results of operations for the Company's cinema advertising business have been excluded from the Company's results from continuing operations in the condensed consolidated statements of operations for the third quarter and are presented in separate line items as discontinued operations. Retrospective adjustments to the historical statements have been made in order to provide a consistent basis of comparison. Unless indicated otherwise, results presented in this release are related to continuing operations only, and exclude results from the cinema advertising business.

² GAAP and non-GAAP net income attributable to Changyou.com Limited for the third quarter of 2018 included a one-time tax benefit of US\$23 million that was recognized as a result of some of the Company's subsidiaries having been granted preferential tax rates upon their receipt of 2017 Key National Software Enterprise status or 2017 Software Enterprise status.

³ Non-GAAP results exclude share-based compensation expense. Explanation of the Company's non-GAAP financial measures and related reconciliations to GAAP financial measures are included in the accompanying "Non-GAAP Disclosure" and "Reconciliations of Non-GAAP Results of Operations Measures to the Nearest Comparable GAAP Measures".

engagement during the quarter and attract solid player spending. During the fourth quarter of 2019, we will launch more expanded content that includes casual gameplay featuring some additional elements of day-to-day life. In addition, we will do a preliminary review of the skill system of all clans in order to be prepared to further enhance the PvP experience in the future."

Mr. Wang Yaobin, CFO of Changyou, added, "During the quarter, online game revenue was much better than we expected, and our overall financial performance continued to be stable. In addition to the solid results delivered by TLBB PC and Legacy TLBB Mobile, TLBB Honor, a new mobile game launched during the quarter, also performed well. However, since the game content is not particularly extensive, its revenue contribution and profitability are not comparable to Legacy TLBB Mobile."

Third Quarter 2019 Operational Results

- Total average monthly active accounts⁴ of the Company's PC games were 2.1 million, a decrease of 9% year-over-year and an increase of 5% quarter-over-quarter. The year-over-year decrease reflected the natural declining life cycles of the Company's older games, including TLBB PC.
- Total average monthly active accounts of the Company's mobile games were 3.5 million, a decrease of 5% year-over-year and an increase of 30% quarter-over-quarter. The quarter-over-quarter increase was mainly due to the launch of new games in the third quarter of 2019.
- Total quarterly aggregate active paying accounts⁵ of the Company's PC games were 1.0 million, an increase of 25% year-over-year and 11% quarter-over-quarter. The year-over-year and quarter-over-quarter increases were due to the improved performance of some of the Company's older games, including TLBB PC, as a result of some promotional activities during the quarter.
- Total quarterly aggregate active paying accounts of the Company's mobile games were 1.1 million, an increase of 57% year-over-year and 83% quarter-over-quarter. The year-over-year and quarter-over-quarter increases were mainly due to the launch of new games in the third quarter of 2019.

Online game revenue was US\$108 million, an increase of 13% year-over-year and 6% quarter-over-quarter. The year-over-year and quarter-over-quarter increases were mainly due to the revenue contribution from new games launched during the quarter.

Online advertising revenue was US\$3 million, a decrease of 42% year-over-year and 30% quarter-overquarter. The year-over-year and quarter-over-quarter decreases were mainly due to fewer games being marketed on the 17173.com website.

Gross profit/ (loss)

GAAP and non-GAAP gross profit were both US\$86 million, an increase of 2% year-over-year and flat quarter-over-quarter. GAAP and non-GAAP gross margin were both 78%, compared with 83% in the third quarter of 2018, and 82% in the second quarter of 2019.

business were both 78%, compared with 84% in the third quarter of 2018 and 82% in the second quarter of 2019.

GAAP and non-GAAP gross profit of the online advertising business were both US\$1 million, a decrease of 59% year-over-year and 46% quarter-over-quarter. GAAP and non-GAAP gross margin of the online advertising business were both 53%, compared with 75% in the third quarter of 2018 and 68% in the second quarter of 2019. The year-over-year and quarter-over-quarter decreases in gross margin were mainly due to lower online advertising revenue in the third quarter of 2019.

Operating expenses

Total operating expenses were US\$51 million, an increase of 18% year-over-year and 10% quarter-overquarter.

Product development expenses were US\$28 million, a decrease of 5% year-over-year and 8% quarterover-quarter. The year-over-year and quarter-over-quarter decreases were mainly due to a decline in salary and benefit expenses as a result of a reduction in workforce.

Sales and marketing expenses were US\$18 million, an increase of 149% year-over-year and 69% quarterover-quarter. The year-over-year and quarter-over-quarter increases reflect higher marketing and promotional spending for new games launched during the quarter.

General and administrative expenses were US\$6 million, a decrease of 20% year-over-year and an increase of 2% quarter-over-quarter. The year-over-year decrease was mainly due to a bad debt provision related to the online advertising business that was recognized during the third quarter of 2018.

Operating profit

Operating profit was US\$35 million, compared with an operating profit of US\$41 million in the third quarter of 2018 and US\$40 million in the second quarter of 2019.

Net income

Net income from continuing operations was US\$34 million, compared with US\$68 million in the third quarter of 2018 and US\$43 million in the second quarter of 2019.

Liquidity

As of September 30, 2019, Changyou had net cash⁷ of US\$250 million, compared with US\$671 million as of December 31, 2018. The decrease was mainly due to the distribution of a special cash dividend of approximately US\$503 million in the second quarter of 2019.

Operating cash flow for the third quarter of 2019 was a net inflow of US\$56 million.

⁶ Each ADS represents two Class A ordinary shares.

⁷ Net cash is calculated as the sum of cash and cash equivalents, short-term investments, current restricted cash and non-current restricted time deposits, minus long-term bank loans.

- Total revenue to be between US\$100 million and US\$110 million, including online game revenue of US\$95 million to US\$105 million;
- Non-GAAP net income attributable to Changyou.com Limited to be between US\$27 million and US\$32 million, and non-GAAP net income per fully-diluted ADS to be between US\$0.50 and US\$0.60. Share-based compensation expense to be around US\$3 million, reflecting grants to certain key employees of share-based awards approved by the Company's board of directors under a newly-adopted share incentive plan, as well as remaining share-based awards under 2014 Share Incentive Plan, and assuming no other grants of share-based awards in the fourth quarter of 2019. Taking into account the elimination of the impact of these share-based awards, GAAP net income attributable to Changyou.com Limited to be between US\$24 million and US\$29 million, and GAAP net income per fully-diluted ADS to be between US\$0.45 and US\$0.54.

For the fourth quarter of 2019 guidance, the Company has adopted a presumed exchange rate of RMB7.10 = US\$1.00, which compares with the actual exchange rate of approximately RMB6.91 = US\$1.00 for the fourth quarter of 2018, and RMB6.99 = US\$1.00 for the third quarter of 2019.

Non-GAAP Disclosure

To supplement the unaudited consolidated financial information prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP"), Changyou's management uses non-GAAP measures of gross profit, operating profit, net income, net income attributable to Changyou.com Limited and diluted net income attributable to Changyou.com Limited per ADS, which are adjusted from results based on GAAP to exclude the compensation cost of share-based awards granted, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions. These measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, GAAP results.

Changyou's management believes that excluding share-based compensation expense, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions from its non-GAAP financial measures is useful for itself and investors. Further, the amount of share-based compensation expense, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions cannot be anticipated by management, and these expenses and benefits are not built into the Company's annual budgets and quarterly forecasts, which generally will be the basis for information Changyou provides to analysts and investors as guidance for future operating performance. As share-based compensation expense, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions do not involve subsequent cash outflow, Changyou does not factor these in when evaluating and approving expenditures or when determining the allocation of its resources to its business operations. As a result, in general, the monthly financial results for internal reporting and any performance measure for commissions and bonuses are based on non-GAAP financial measures that exclude share-based compensation expense, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions.

The non-GAAP financial measures are provided to enhance investors' overall understanding of Changyou's current financial performance and prospects for the future. A limitation of using non-GAAP gross profit, operating profit, net income, net income attributable to Changyou.com Limited and diluted net income attributable to Changyou.com Limited per ADS, excluding share-based compensation expense,

non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions, is that the share-based compensation charge has been and will continue to be a significant recurring expense in the Company's business for the foreseeable future, non-cash tax benefits from excess tax deductions related to share-based awards and income/expense from the adjustment of contingent consideration previously recorded for acquisitions may recur in the future. In order to mitigate these limitations, the Company has provided specific information regarding the GAAP amounts excluded from each non-GAAP measure. The accompanying tables include details on the reconciliation of GAAP financial measures that are most directly comparable to the non-GAAP financial measures the Company has presented.

Notes to Financial Information

Financial information in this press release other than the information indicated as being non-GAAP is derived from Changyou's unaudited financial statements prepared in accordance with GAAP.

This announcement contains forward-looking statements. Statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements. These statements are based on current plans, estimates and projections, and therefore you should not place undue reliance on them. Forward-looking statements involve inherent risks and uncertainties. The Company cautions that a number of important factors could cause actual results to differ materially from those contained in any forward-looking statement. Potential risks and uncertainties include, but are not limited to, continuing volatility in global financial and credit markets and its potential impact on the Chinese economy; exchange rate fluctuations in general and possible continued devaluation of the RMB in particular, including their potential impact on the Chinese economy and on the Company's reported U.S. dollar results; slowing growth in the Chinese economy; the uncertain regulatory landscape in the People's Republic of China; fluctuations in Changyou's quarterly operating results; the possibility that Changyou will be unable to develop a series of successful games for mobile platforms or successfully monetize mobile games it develops or acquires; the possibility that the Company's margins will decline as a result of the need for revenue-sharing with mobile game platform operators; and the Company's reliance on TLBB as its major revenue source. Further information regarding these and other risks is included in Changyou's Annual Report on Form 20-F filed on March 28, 2019, and other filings with the Securities and Exchange Commission.
